Create a commuter account at www.metrotransit.org/guaranteed-ride-home

Once you set up your account, at least one person in the vanpool must track the vanpool's trips each month.

Vanpoolers are eligible for the Guaranteed Ride Home program as part of your registration on the rideshare database. Trips must be a part of your school or work commute. Acceptable uses include leaving work due to illness or having to pick up a sick child, having to work unexpected overtime or if your vanpool is not available to leave when needed. Registered vanpool participants can request reimbursements for 24-hour Enterprise rental car, transit or cab fare reimbursement up to four times per year or \$100 in value, whichever comes first, for eligible trips with valid documentation.
